NEW

Magnafire 5000™

**Space Saving Design!
Only 9" wide**

Magnafire 5000™ Series Lightheads

Havis-Shields introduces the new Magnafire 5000™ high-intensity emergency scene light. Virtually identical to Havis-Shields current Magnafire 3000™ series, but designed specifically for space saving.

This compact light allows many different mounting application options, and can be portable as well. The Magnafire series is known for being superior in design, brightness, efficiency, durability, and no generator is needed! The Magnafire 5000™ produces more light with less power, reduces maintenance time, saves money, and best of all saves space!

Magnafire 5000™ mounts to all of the same mounts as the original Magnafire 3000™ but saves more space!

Don't be fooled by watts, it's all about SIGHT.

Magnafire High Intensity Scene Lights are designed to deliver the best possible visual illumination on the scene, reducing eye strain and fatigue. After all you're not buying lights, you're buying sight.

MAGNAFIRE 5000 SERIES
